

CSRHUB[®] Dashboard Starting Point

NA = Rating or information not available. This can also be due to a company with only partial ratings. We do not provide an overall score for partially rated companies.

Enter The Company Or Companies You Want To Study

- Enter either a company name, part of a company name, or a brand in column B or enter a ticker into column C or enter an ISIN number into column D.
- If the CSRHub name you want does not appear in column H, use the CSRHub name lookup tool (top menu, CSRHub...Company) to paste the right text company name into column H.
- The data in columns I to N should help you double check that you have the right name match. The name in column H is the one used automatically on other sheets.
- If you need to lookup more than 30 companies, you can copy the formulas in row 44 down.
- Use column A to store your internal identifier or version of the company name for later reference.
- Choose Formulas from the top menu, then Calculate Sheet. This will allow our database to update the sheet.
- Enter in your CSRHub site credentials (username/password) when directed.
