

# CSRHUB® Dashboard Starting Point

Enter The Company Or Companies You Want To Study

1. Enter either a company name, part of a company name, or a brand in column A or enter a ticker into column B. (It is OK to fill in and try both.) You can put your internal identifier into column C if you wish.
2. If the CSRHub name you want does not appear in column D, use the CSRHub name lookup tool (top menu, CSRHub...Company) to find the right text to put in column E.
3. The data in columns F to K should help you double check that you have the right name match. The name in column D is the one used on the Research Names sheet.

NA = Rating or information not available. This can also be due to a company with only partial ratings. We do not provide an overall score for partially rated companies.
